REF: F2007-01743

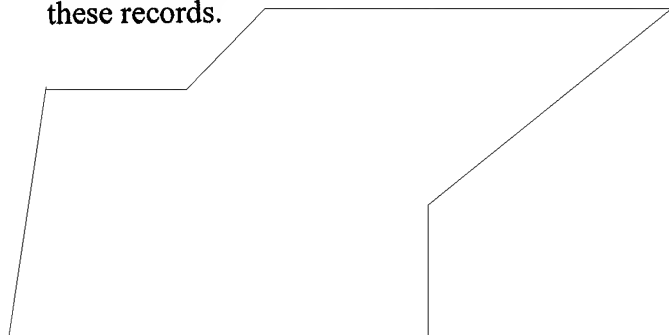

Dear Madam:

Thank you for your telephone call last week regarding my request. I was out of town and just received your message and thus I am responding today.

Yes, I would like to confirm that I am interested in receiving the contents of the administrative tracking folder for each of the eight oldest (longest pending) FOIA requests at the CIA. You may interpret the phrase "eight oldest (longest pending) FOIA requests" in any reasonable manner you wish.

I wish to exclude the actual documents being processed for each of these requests because those are presumably still being processed for release for that requester.

Thank you for giving me an opportunity to confirm my continued interest in receiving these records.
